Chief
Paul Riddle

To all South Bass Island residents:

We understand many of you may not want to go out in public and you wish to stay healthy during this time. The Put-in-Bay Police Department is here to help in these difficult times. If, for any reason, you do not feel comfortable picking up packages, getting your mail, or even picking up groceries from the General Store, we can assist you with these things. If someone at risk would like to order lunch or dinner from a place of business, we would be glad to pick it up and drop it off to you. We will leave these items on your doorstep, for a "no contact" exchange.

In order to assist with these measures, we would need you to call the store or restaurant, order what you want and pay for it with a credit card over the phone. They will give us a call when it's ready for pick up! We will deliver your items to your residence with "no contact" by leaving your items on your porch or wherever you request outside.

Maybe you know someone, a neighbor, friend or relative, who might need someone to check on them. We will gladly do a home or welfare check, and make sure they are in good health and have any necessary items they may need. These checks will be performed as a "no contact" check, with the individual coming to the door to speak to an officer who will remain outside the resident and maintain a minimum of a six feet distance,

***Please note: This service is being provided, free of charge, for any of our **at-risk** South Bass Island residents. These include anyone over the age of 60 years, or someone who is severely autoimmune compromised, and their health concerns prevent them from being able to do these things for themselves without putting their own health into jeopardy.

Please feel free to contact the Put in Bay Police Department at (419)-285-4121 with any question, concerns, or needs.

We also wish to address any of our open businesses. We request that you please provide sanitary hand wipes for your customers in order to help maintain good health and hygiene among our friends and neighbors.

It doesn't cost anything to be kind to each other. These are very difficult times for everyone, so please be patient, wash your hands and stay home when you can.

Respectfully,

The Put-in-Bay Police Department

Chief Riddle
Captain Mariano
Lieutenant Russo
Sergeant Wilde
Corporal Rutledge
