

Parent Meetings

Wednesday, August 26, 2020

9:00am or 4:00pm in the Gymnasium

WE ARE GLAD TO HAVE OUR SCHOOL OPEN. WELCOME BACK!

1. We are so fortunate to be a small school . . . we are one of a small group of schools that will have in person instruction five days a week.
 - “We must work together to make this work!”
2. Presentation – Inventory and Procedures Team (Patrick, Randi, Missi, and Vicki)
 - “Preparation is the Key to Success . . . and we are prepared!”
3. How Parents Can Help –
 - Kids will still get sick. Call the school and keep them home. STAY IN BED and GET WELL! Students can simply make up the work after they return to school. Remote Learning may be available when a student is out more than one day and is physically/mentally able to follow guidelines in order to participate in class on-line. There will NOT be a perfect attendance award!
 - Be patient and positive. This is a very fluid situation and changes/adjustments will be necessary. Our Transition Committee (Steve, Carol, Debbie, Craig, Karen G., Suzanne, and Margie) will meet weekly to evaluate. Communicate suggestions or concerns to the committee.
 - Know that decisions to stay home and quarantine, to return to school, to test for COVID, to close school, etc. will be made by the Ottawa County Health Department. We be in communication with them daily and will take direction from them.
 - Follow Recommended Guidelines and Procedures at Home, Bringing Kids to School, etc.
 - Communication! Stay up with your child’s progress. Check Progress Book daily. Contact the teacher BEFORE things become a problem.
4. Parents – Comments, Questions and Answers
5. THANK YOU FOR YOUR SUPPORT!
